Where the Deer and Antelope play!

The Venado Vistas Ranch is located West of Kerrville and North of Leakey, Texas near the heart of the beautiful Hill Country in an area world famous for quality and diverse hunting adventures.

Bordering the western Kerr and eastern Real County lines, at an elevation of over 2,300 feet, the Venado Vistas Ranch lies within an area known as *The Divide*. This is where the terrain rises up between the upper ends of the Frio River West Prong and the North Fork of the Guadalupe River. The Venado Vistas Ranch lies within the beautiful apex between these two river valleys in Real County.

Formerly part of the well known Auld and Priour Ranches for many years and, also very near the world famous Y.O. Ranch, **the Venado Vistas Ranch offers limited, fully guided hunting opportunities in keeping with a long established, intensive game management program that began decades ago.** Semi guided hunts are also available.

GAME SPECIES

A wide variety of big game wildlife species thrive on this private, high fenced ranch including native hill country.

RANCH AMENITIES

Accommodations at our lodge complex consists of two modern and comfortable natural limestone rock and cedar houses that can sleep up to 10 people comfortably with two and a half bathrooms, large kitchen and over 2500 square feet of living area.

Accommodations at our lodge complex consists of two modern and comfortable natural rock and cedar houses that can sleep up to 10 people comfortably with two and a half bathrooms, large kitchen and over 2500 square feet of living area.

The newly remodeled one story rock house is dedicated to cooking and preparing meals as well as having a cozy and comfortable seating area adjacent to a new wood-burning stove positioned comfortably for viewing the flat screen satellite TV. Also included is a bathroom with shower and separate hot water heater. Next to this facility is a semi-covered rock patio with a round rock fire pit for enjoying the nighttime campfires and large bar-b-que pit for preparing home cooked steaks.

Adjacent to the one story rock house and connected by a covered breezeway is a new two story rock and cedar house which is utilized for upstairs sleeping and downstairs entertainment featuring a wall mounted flat screen satellite TV with surround sound speaker system. The first floor seating area has swivel and recliner chairs, a queen sized sofa sleeper, new wood burning stove and a rustic card table adding to the ambiance of a first class Texas hill country hunting lodge. A bathroom with shower and separate hot water heater finishes out the downstairs. A spiral staircase connects to the upstairs sleeping area which consists of a bunk bed, tremble bed and queen sized bed plus a half bathroom. All furnishings in our lodge are new. The two story rock house has two new individual central air conditioning and heating units per each floor to make your stay as cozy and comfortable as possible even during the worst weather.

GAME SPECIES AVAILABLE FOR HUNTING

A wide variety of big game wildlife species thrive on this private, high fenced ranch including native hill country White-tail deer, South Texas White-tail deer, trophy Axis deer, trophy Blackbuck antelope, trophy Aoudad sheep, Red Deer Stag, Scimitar Horned Oryx antelope, and Barasingha deer. Occasional wild hogs and coyotes are also seen but, we strive to eliminate these animals when encountered. We offer a special bounty to our hunters for taking these animals.

TRUE TROPHY-CLASS WHITETAIL DEER

Our trophy class whitetails possess some of the best genetics that are available in Texas. From the legendary MAX, sire of

MAXBO, with numerous offspring that score over 200"-300" B&C, these deer are famous for their mass and multiple number of points. We then cross these great northern bloodlines to the largest typical bucks in Texas scoring over 200" net typical. Our end results are the **trophy of a lifetime!**

We also have a growing population of native Rio Grande turkeys and a large population of seasonal Mourning Doves. Occasional sightings of American Bald eagles, Golden eagles, Ospreys (Sea eagles) as well as Mexican eagles have been seen on the Ranch generally near water and open meadows. Porcupines, skunks, raccoons, rabbits, squirrels, gray foxes also are frequently seen.

HUNTING METHODS AND STRATEGIES

Nearly all of our hunts are done from comfortable stationary elevated or ground blinds which are located near protein and corn fed automatic game feeders. Able to accommodate two people, all of our blinds are totally enclosed and rain tight with sliding windows. All feeder sites are fed year round which maintains all species and ensures all of our animals are in healthy condition.

Acceptable forms of payment include cash (receive a 5% discount), traveler's checks, credit cards or checks only with standby credit card on file.

2 to 4 DAY HUNTS (\$200.00 per day) + GAME FEE

INCLUDES

- lodging
- standard hunts fully guided or semi guided as determined by the ranch manager
- daily light breakfast, lunch and dinner

This fee is non refundable and cannot be credited towards any game harvested.

All non hunters will be charged a daily rate of \$150 per day. Special considerations can only be made by ranch manager.

SPECIAL DISCOUNTS:

A 10% overall discount is available for active military personnel, seniors over 70 years old, repeat groups or special youth guided hunts.

All registered 501(C) non profit organizations benefiting handicapped or other special needs children will receive a 20% overall discount for two or more children under 16 years old who are guided by authorized ranch personnel and accompanied by organizations' authorized personnel. Animals taken will be the ranch manager's choice.

All handicapped Gulf War Era Purple Heart Veterans will receive a 30% overall discount on all hunts. Animals taken must be pre-approved by the ranch manager or the ranch manager's choice.

We will donate one free two day hunt per year to either a special handicapped child under 16 years of age or one handicapped Gulf War Era Purple Heart Veteran. Animals taken will be the ranch manager's choice or pre-approved by the ranch manager.

FEEES FOR GAME PROCESSING AT RANCH
